

## HAIKUS in 3A

A historical event in English History ..from the Middle Ages to the Present days in the form of a HAIKU

Alone in the sea  
with only silence around  
and hustle in me

Far From Italy  
with rain wetting our visage  
Caesar fosters us

During a spring day  
King Charles the third was crowned  
what a dismal May!

Out of the window  
A green hill with a castle  
Beyond the rooftops

“Now let tyrants fear”  
Said Elizabeth the first  
“Their defeat is near”

A thin yellow leaf  
leaving softly an oak tree

caressed by the wind

Seven colours that  
bring happiness to people  
in the world's borders

Lion was fighting  
Rabbit was in the castle  
Vultures were waiting

On a summer day  
We're in uncle Tobia's farm  
Yuppi ia ia oh
